

## ENVIRONMENTAL POLICY

Manik Printpack India Pvt Ltd is committed to sustainability and environmental responsibility. We prioritize the use of sustainable and eco-friendly materials in our manufacturing processes to minimize our environmental impact and contribute to a greener future. Our environmental policy reflects this commitment, and we continuously strive to improve our practices in line with these principles.

- **Recycling and Reusability:** We encourage the use of recycled content in our packaging products and promote the reusability of materials wherever feasible. By closing the loop and incorporating recycled materials, we aim to conserve natural resources and reduce energy consumption.
- **Waste Reduction:** MPPL actively implements waste reduction strategies, such as waste segregation, recycling programs and waste-to-energy initiatives. We prioritize water conservation by implementing water-saving technologies and responsible water management practices throughout our operations.
- **Sustainable Materials:** MPPL is dedicated to sourcing and utilizing sustainable materials for our packaging solutions. We actively seek materials that are biodegradable, compostable, and recyclable, reducing the overall waste generated and promoting a circular economy.
- **Energy Efficiency:** Our manufacturing facilities are equipped with energy-efficient technologies to reduce energy consumption and lower greenhouse gas emissions. We continually invest in upgrading equipment and optimizing processes to minimize our carbon footprint.
- **Product Innovation:** MPPL invests in research and development to innovate sustainable packaging solutions. We work closely with our customers to design products that are environmentally friendly, lightweight, and optimized for resource efficiency.
- **Supplier Engagement:** We collaborate with our suppliers to ensure they share our commitment to sustainability and adhere to ethical environmental practices. Together, we aim to create a sustainable and responsible supply chain.
- **Compliance and Certification:** PPL complies with all relevant environmental laws, regulations, and standards. We continuously assess our operations to meet or exceed industry standards and seek relevant certifications to demonstrate our environmental commitments.
- **Employee Awareness and Training:** Our employees are integral to our sustainability efforts. PPL provides regular training and awareness programs to foster a culture of environmental responsibility among our workforce.
- **Transparent Reporting:** We believe in transparent communication and regularly report on our environmental performance, achievements, and challenges. Through this

**Manik Printpack India Pvt. Ltd.**
